Id Number: C00397737

Reference: April Quarterly Report (1/1/07-3/31/07)

To Whom It May Concern:

We are in receipt of the Commission's letter regarding the above referenced report. Please see below for our complete response.

Our committee is aware of the best efforts standard established by the Commission. We do have a system in place to meet this standard. Our campaign utilizes a direct marketing component for a portion of our fundraising efforts. While we meet the best efforts standard, it is our experience that these supporters often will not provide the employer occupation information we request. But, we include a request on all original solicitations informing the donor of the federal requirement for reporting such information. In addition, we make a follow up request via the mail within 30 days that does not solicit additional funds and includes a self-addressed envelope. This follow up also reiterates the requirement by federal law that we are mandated to request this information. To meet the final segment of the standard, please see below for the information that we have obtained since the filing of the original report. It is our desire to make the public record as complete as possible and this information does that.
